dlg_02_Prologue_12_Black Stalker_FirstCall			
		Brand New World	A first phone call from a man - (Igor/Igor) - who doesn't reveal his identity but encourages us to meet with him.
Igor	With superiority - Mysterious	Brand New World	I've been wondering if the quirky duo could get you out of your coffin. Apparently, you managed on your own. Good for you.
Igor	Serious - Mysterious	Brand New World	I'm sure you have a lot of questions, Planewalker. Perhaps I can answer at least some of them.
Igor	Serious - Mysterious	Brand New World	Sending you the coordinates to my lab. I suggest you pick up the pace. Nights in the Zone can be... dangerously unforgiving.

		Brand New World	The player sees Igor for the first time, but he seems like he knew the player or at least heard of him. He had been waiting for the player. He's visibly impatient and indifferent, but he is not rude.
Igor	Annoyance - In hurry, irritated	Brand New World	I'm sure you've got many questions, Planewalker, but they need to wait.
Player	Interest	Brand New World	You must be the mysterious Igor. I'm Cole. Cole Grey.
Igor	Emotionless - A bit grumpy	Brand New World	Pleasantries can wait as well. We only have a couple of minutes before it catches up with you.
Player	Interest	Brand New World	What catches up with me?
Igor	Emotionless - He is not rude, but overconfident	Brand New World	On Lenin's beard! Maybe you're not as sharp as I hoped you to be.
Player	Interest	Brand New World	You brought me here, so cut the crap!
Igor	Emotionless - A bit grumpy	Brand New World	Fine, I will allow some questions, but make them brief.

Igor	Anxiety - He lowers his voice. He knows something's not right about it.	Brand New World	Some kind of very advanced high energy containment. Won't let anything in or out of the Zone.
Player	Realization - Surprised	Brand New World	Where did the barrier come from?
