		Talk with Kendall, the boss of Mutants over the radio
Kendall	Polite	This is Kendall Lockwood speaking. I have arranged for one of my associates to await your arrival at a certain disused warehouse.
Kendall	Polite	He will see to it that you are safely guided to the Mutant's base.
Kendall	Polite	Look forward to meeting you face-to-face, Mr. Grey.
dlg_03_GoToMutants_21_Kendall_Introduction		
		The Player approaches Kendall Lockwood, the boss of Mutants. He is still talking to his sister and is somewhat annoyed.
Kendall	Impatient	Make yourself comfortable, Mr. Grey. I shall be with you momentarily.
Kendall	Annoyance	...remind me dears sister: how long does it take for your lab monkey to produce a batch of Reset?
Kendall	Anger	I'm not patronizing you. It's 3 to 4 days, right? It's been 2 weeks, Milena. 2 fucking weeks!
Kendall	Deflated	I'm not mad, sis. I'm just... deeply... disappointed!
Kendall	Sadness	My people are getting desperate. Some of them go as far as trying to create their own medicine, without proper ingredients and expertise.
Kendall	Accusatory	Someone already died because of that and it's on your conscience! Have a pleasant day, Milena.

		Kendall Lockwood finishes the convo with his sister and turns to the Player.
Kendall	Formal	Planewalker, Mr. Grey, I must apologize for subjecting you to this rather unfortunate family squabble.
Option 4#0		
What was it all about?		

Actor	Didascalia	Text
Kendall	Dismissive	That's not important right now. You will get to meet Milena eventually.

		They can be handfull at times, but it's all we've got in the end.
Kendall	Disapprovingly	Ain't that the truth, Planewalker. I can see you understand how complicated my position is.

Kendall	Explanatory	What you just witnessed was one of many telepathic conversations I had with Milena.
Player	Curiosity	Can all Mutants do that?
Kendall	Formal	Only a handful. But each Mutant possesses his own unique ability. Courtesy of Chernobylite medical treatments.
Kendall	Probing	Speaking of medicine, I was wondering if you ran into Leonid? He was cooking something... well... dangerous. Did you assist him in any way?
		Option 2#0
		Yes, I helped him get some documents from Igor's base.
Kendall	Acknowledging	Appreciate the honesty. Not sure if you're aware, but Leonid is no longer with us. He fell victim to some bizzare self-experimentation.
Kendall	Polite	I know you meant well, but you unwittingly contributed to his demise. Let this be a lesson for you, Planewalker.

Kendall	Blunt	Before you get the lay of the land, so to speak, please don't involve yourself in situations that you understand nothing about.

Kendall	Sarcastic	Whatever your reasons, I'm glad you haven't involved yourself in that scheme. Sometimes, if you don't know what to do, it's best to do nothing.

Kendall	Interest	Now let us talk about why you came to see me, Planewalker.
Player	Explanatory	I need to find my crew and get back to my world. To my family. Igor said you could help.
Kendall	Acknowledging	Yes, our mutual acquaintance filled me in on the details. It's remarkable. I never though I would see another Planewalker alive after what happened to your ship.
Kendall	Blunt	I'll be completely honest with you. All our resources are currently involved in finding the cure for Chernobylite poisoning.
Player	Annoyance	You want something in return, just like everyone else, right? I should have seen that coming.
Kendall	Blunt	Don't act surprised. I would help you out of the goodness of my heart if I could, alas it's a luxury I can't afford right now.
Player	Annoyance	Stop dancing around it, Kendall. What do you want?
Kendall	Passionate	My offer is as follows: stick around, get to know Mutants and help them out in any way you can.
Player	Probing	And in return?
Kendall	Eager	...In return I shall spare no expense in helping you with completing your objectives.

Actor	Didascalia	Text
Kendall	Eager	We Mutants share a unique and profound bond with Chernobylite. Become a worthy ally, this bond can yet prove helpful to you, Mr. Grey.
Kendall	Passionate	So, what do you say? Should we help one another or do you want to leave hear empty handed?
		Option 6#0
		Or maybe I just strike a deal with one of your siblings instead?
Kendall	Dismissive	Talk to them, if you haven't already. But don't get your hopes too high. Harlan Lockwood... our dad... raised the tree of us to never miss an opportunity.

Kendall	Formal	Pressing matters demand my attention, but I will contact you soon. Have a good day, Mr. Grey.
